<p>Any higher level of qualification, such as:</p> <p><b>CMAS Three Star Diver</b></p> <p><b>SAA Dive Supervisor</b></p> <p><b>SSAC Second Class Diver/ Master Diver</b></p> <p>Because of the variation allowed in training for the higher diving qualifications awarded by US diver training agencies, BSAC is unable to accept them as being of a similar standard to BSAC Advanced Diver.</p> <p>However, Branch Diving Officers can judge additional experience and training on a case-by-case basis.</p>	<b>Advanced Diver</b>

**OPTION 3**

Qualified BSAC divers undertaking **FURTHER TRAINING** with other organisations:

If a diver, having crossed over to the BSAC via a previous SALT, wishes to continue their training with other organisations, this is acceptable. Should their training advance their skill level, they may reintegrate back into BSAC training via a further SALT. Once again, they may require additional training and a "crossover" training pack needs to be obtained. Again the Diving Officer will only award similarity to the higher BSAC grade when all required additional training is completed.

Nothing in this process removes or alters the Branch Diving Officer's responsibility for the safety and well-being of Branch members. If the Diving Officer feels that the skills of a new member, originally trained by another organisation, are lacking, the DO is at liberty to require the member to undertake appropriate refresher training and/or limit their open water diving activities until a satisfactory level of skills performance is demonstrated.
